Ageing well in an ageing society: analysis of population structure and specific needs in a sustainable view

International Workshop for the dissemination of the results of the Age-IT program

Istituto Italiano di Cultura

New York City, 17th March 2025

686 Park Avenue (between 68 and 69)

Hybrid event-Remote link meet.google.com/pxe-djcc-nze

2,30pm-4,30pm (ET)

7,30pm-9,30pm (CET)

The meeting will feature the presentation of the Age-IT program's results, together with the insightful input of international experts and academics who will enhance the conversation by bringing global experience in the field of ageing population challenges, gender issues and sustainability topics to the table. Leading scholars and stakeholders from various fields and nations will gather for the summit to discuss the latest advancements in the study of mobility, concerns pertaining to ageing populations, accessibility, and related legislation. Through a process targeted at applying the project outcomes obtained thus far in a constructive manner and distributing them internationally, the goal is to improve the Age-IT program.
